

ComBio2016 Provisional Symposium Schedule

	Plant Cell and Developmental Biology and Genetics Bernie Carroll	Plant Physiology and Ecology Brett Ferguson	Developmental, Stem Cell and Regenerative Biology Jo Bowles Mike Piper	Proteins and Proteomics Norelle Daly Marilyn Anderson	Genomes and Bioinformatics Geoffrey Faulkner Nic Waddell	Cell Biology Annette Shewan Helena Richardson	Cell Signalling Andrew Brooks Ingrid Winkler	Biochemistry and Metabolism George Muscat Nigel Turner	Education Susan Rowland Amber Willems-Jones
Stream Co-ordinators									
MON 3 OCT 16:00 - 18:30									Career Development Forum Brett Williams
TUES 4 OCT 11:45	Plant Microbe Interactions Peter Dodd Michael Djordjevic		Stem Cells and Regeneration Stephen Wood Robin Hobbs	Venom Peptides Glenn King Co-chair TBA		Tissue Architecture and Cell Migration Yeesim Khew Goodall Michael Murray	Cell Cycle Regulation Brian Gabrielli Andrew Burgess		Education I Gregory Blatch Nirma Samarawickrema
TUES 4 OCT 15:30		Abiotic Stress and Climate Change Suresh Balasubramanian Rainer Hofmann	Transcriptional Programs in Tissue Biology Co-chairs TBA		Bioinformatics and Computational Biology Adam Ewing Melanie Bahlo		Structural Biology Angel Lopez Jeff Babon	Skeletal Muscle - A Key Co-ordinator of Health and Disease David James James Hudson	Education II Amber Willems-Jones Terry Piva
WED 5 OCT 11:00	Plant Development Jo Putterill Ian Searle	Securing Food under Changed Climates Sabine Tausz-Posch Glenn Fitzgerald	Organogenesis and Patterning Helen Abud Seb Dworkin	Parasite Proteins - Immunology and Therapeutic Potential Paul Giacomini Co-chair TBA	Functional Genomics and Epigenetics Ryan Lister Stacey Edwards	Regulatory Networks in Cell Function Fiona Simpson Antonella Papa			
WED 5 OCT 12:45	Lunchtime Symposium: Addressing Global Challenges in Plant Science: the importance of co-operation beyond national boundaries (Global Plant Council)								
WED 5 OCT 14:30	Colloquium 1 Co-chairs TBA		Colloquium 2 Dave Simmons Dhanisha Jhaveri	Colloquium 3 Peter Hoffmann Co-chair TBA	Colloquium 4 Co-chairs TBA	Colloquium 5 Co-chairs TBA		Nutrient Sensing Mechanisms and Pathways Sean McGee Nigel Turner	
WED 5 OCT 16:45	Plant Cell Walls and Plant Organelles Rachel Burton Barry Pogson	Plant Water Relations Sergey Shabala Steve Tyerman		Synthetic Biology and Protein Engineering Claudia Vickers Keith Shearwin		Matrix and Mechanosensing Geraldine O'Neill Fiona Pixley	Cell Death Signalling Ruth Kluck Joanne Hildebrand	Adipose Metabolism: Impact on Metabolic Health Matt Watt Robert Yang	
THURS 6 OCT 11:00	Regulatory RNA Biogenesis and Action Ming-Bo Wang Andy Eamens		Neural Development Massimo Hilliard Sean Millard		Cancer Genomics John Hooper Peter Simpson	Trafficking and Transport in Human Health Jenny Stow Paul Gleeson	Kinase Signalling Mark Guthridge Isabelle Lucet	Epigenetics and Metabolism Assam El Osta Co-chair TBA	
THURS 6 OCT 16:40	Plant Epigenetics and Reproductive Biology Matt Tucker Milos Tanurdzic	Plant Nutrient Acquisition and Efficiency Timothy Cavagnaro Penny Smith		Development of Antimicrobial Peptides as Treatments Marc-Antoine Sani Co-chair TBA		Membranes and Exosomes Robert Parton Suresh Mathivanan	Signalling Pathways and Systems Biology Alex Cristino David Croucher	Myokine Signalling and Metabolic Health Mark Febbraio Co-chair TBA	
FRI 7 OCT 8:30	Plant Biotechnology and Nanotechnology Neena Mitter Hashmath Hussain	Crop Physiology and Modeling Karine Chenu Robert Furbank	Cardiovascular and Lymphatic Development Enzo Porello Kelly Smith	Protein Structure Melissa Call Co-chair TBA	Population Genetics Co-chairs TBA	Single Molecules in Cell Function Till Becking Megan O'Mara			
FRI 7 OCT 10:45		Translational Photosynthesis Murray Badger Oula Ghannoum	Disease and Aging Robb de Jongh Robyn Jamieson	Small Open Reading Frame Peptides Joe Rothnagel Co-chair TBA	Clinical Genomics Co-chairs TBA		Inflammatory Signalling Kate Schroeder Misty Jenkins	Hepatic Metabolism: Effects on Insulin Sensitivity and Adiposity Sof Andrikopoulos Co-chair TBA
