 - R.G. Menzies Fellowship

Australian Academy of Science International Science Linkages – Science Academies Program

<http://www.science.org.au/internat/programs.htm>

This project is supported by the Australian Government Department of Innovation, Industry, Science and Research's International Science Linkages – Science Academies Program.

Japan Society for the Promotion of Science (JSPS) Fellowships with Japan

Eligibility: Australian citizen or permanent resident having received their doctorate within six years of the application.

Important dates: Check website for the next round of applications.

Length: 12-24 months.

Scientific visits to Asia, Europe and North America

Several funding opportunities are available for early-career researchers to collaborate with scientists from selected host institutions around the world. The time frames vary from short fortnight visits through to one-year appointments.

Endeavour Research Fellowships for Short-term Overseas Research

http://www.endeavour.deewr.gov.au/Australian_applicants/

To undertake research in a participating country from Asia, the Pacific or the Middle East.

Eligibility: Australian citizen or permanent resident with demonstrated English language proficiency.

Important Dates: Applications close 31 July 2010.

Length: 4-6 months.
